# A New Look For The Bathhouse.

After a year-long community involvement process, the new design for the bathhouse was formally approved by the Parks Department in December. The architect is now preparing the construction documents for the bid package. Construction is scheduled to start in September 2003.

Seattle Parks and Recreation will undertake improvements to the Alki Bathhouse based on a recently completed public process. The building's exterior will be improved in keeping with its 1911 origins, and the interior will be renovated to support the following uses:

- Multi-purpose space: 1517 square feet with 123 square feet of accessory storage as well as a unisex restroom
- Pottery Studio: 423 square feet
- Multi-media art studio: 423 square feet with 91 square feet of accessory storage
- Men's and Women's restrooms with exterior entrances

The studios will each have their own outdoor work areas accessed through large bay doors, and the multi-purpose space will have formal entrances off both the waterfront and Alki Avenue.

Proposed uses for the multi-purpose space include: exercise classes, beach and environmental programs, various adult programs such as language and music classes, story telling sponsored by the Log House Museum, community meetings, teen events, drop in programs, private parties, and support for external events.

Location: Alki Beach

For Pottery Classes Please Call Southwest Community Center @ 206-684-7481.
